

NEW MPI **SPRAY SYSTEM**

Our new 30 Gallon *Magnetic Particle Spray System* is the perfect portable unit when inspecting large parts.

Magnaflux P/N 621778

BENEFITS:

- 15-foot recirculation hose attached to a fan pattern spray gun.
- Fully portable unit equipped with casters for added mobility
- May be used for water or oil based solution
- Continuously agitated bath keeps the particles suspended and uniform through the tank, hose and spray gun.
